Drop Spec.

●High-Speed Performance :

Android 5.1 or WinCE6.0 operating system, matching Qualcomm M8X12 quad core 1.2GHz and PXA310 806MHz respectively, high speed processor with perfect compatibility and computing power.

●Strong Endurance:

3800mAh dual-core high capacity anti-explosion battery lasts over 10 working hours. The optional charging-cradle can charge the device and battery simultaneously, great for work in multiple shifts.

●Resourceful Configuration:

Adapts all kinds of scanning engines, Supports WIFI/Bluetooth/WCDMA/EVDO/GPRS etc. communication transmission modes

●Industrial Durability:

TPU Bi-colors, rubber protected body encapsulation and high density magnesium aluminum alloy frame, durable laser etching design, IP65 grade for reliable operation even in hostile environments.

●Excellent Identification Ability:

Fully support 1/2D code scanning with ultra-strong decoding capability and quick identification ability, easily reads the damaged, bent and low quality codes.

●Always-Available Wireless Connection :

Supports 802.11 a/b/g/n full-band wireless communication, specially designed for matching large warehouses and other complex environments with WIFI technology. Excellent anti-disturbance performance, stable data transmission provides a more efficient wireless support

Applications

Chain retail

Clothing

Express

Warehousing

Manufacturing

Health care

Security

Tracing
